

# Sarah G. Evans

404-918-8152 | [Email](#) | [GitHub](#) | [Medium](#) | [LinkedIn](#) | [Personal Site](#)

Self-motivated full stack web developer with a passion for deep knowledge. Experience in Ruby on Rails and JavaScript, React, and Redux, with a background in functional MUMPS-based programming. Proven ability to master new technologies and solve difficult problems with strong skills in team-building and management. Once learned an unfamiliar coding language with only a binder of handwritten notes as a teaching tool!

## TECHNICAL PROJECTS

### **Equidestined** - [GitHub](#) | [App](#)

*The best way to find new places to meet your friends in the middle.*

- + Built models, forms, and action controllers in Ruby on Rails.
- + Configured Geocoder gem to convert between addresses and latitude/longitude.
- + Designed the PostgreSQL database schema and configured Active Record associations.
- + Created a custom Rails module for OAuth authentication with Google Maps and Yelp APIs.

### **Pixel Playground** - [GitHub](#) | [App](#)

*A collaborative art experience inspired by Reddit's Rplace.*

- + Rendered the drawing surface using HTML5 Canvas and JavaScript.
- + Used Action Cable to implement WebSockets for chat and real-time canvas updates.
- + Coded back-end APIs using Ruby on Rails and PostgreSQL.
- + Built front end in Javascript with JQuery and styled with Materialize and custom CSS.

### **Story Board** - [GitHub - Front End](#) | [GitHub - Back End](#) | [Demo](#)

*A work in progress that allows writers to storyboard by noting and rearranging their scenes.*

- + Built and designed front end using JavaScript, React, Redux, and custom CSS.
- + Coded back-end APIs using Ruby on Rails and PostgreSQL.
- + Implemented React-Draggable node module to allow drag and drop for scenes.
- + Managed user authentication using JWT tokens.

## TECHNICAL SKILLS

JavaScript | Ruby | Rails | SQL | React | Redux | MUMPS

## EMPLOYMENT HISTORY

### **Iatric Systems**, Boxford, MA

Technical Services Support Programmer, *December 2011 - February 2017*
